Register for a **Digi** account

Your DigiD consists of a username and a password of your choice, allowing you to access to hundreds of Dutch government websites. If you have a cell phone, apply for your DigiD with an extra verfication step via SMS. Your DigiD is used to verify your identity online whenever you need to deal with confidential personal data related to health care, taxes and other governmental services in the Netherlands. You will need a BSN (Burgerservicenummer / Citizen Service Number) to apply for a DigiD. This English manual will help you register your account on the Dutch DigiD website.
